About

LSZ (“L. S. Zed”) is the DJ alias of Matthew Muscat, a Kelowna-based artist with roots in theoretical and medical physics.
Fusing technical precision with a deep love for electronic music, he delivers dynamic sets across deep, tech, and bass house, alongside melodic and peak-time techno and 140. His style is built on blending, looping, and subtle layering, reworking tracks in the mix to create fresh transitions and distinct moments while maintaining a cohesive flow. He thrives in intimate spaces where energy, pacing, and atmosphere matter most.
He is also a co-founder of **Kapital City**, a local collective driving Kelowna’s nightlife and beach-side music culture, and founder of **Sunset Parties Kelowna**, an upscale DJ service targeting house parties in McKinley Beach and Lakestone.

Sound

House / Tech House / Bass House / Melodic Techno / Peak-Time / 140
